

ALEX KWAGALA

My name is Alex Kwagala. I praise the Lord for my life and my family. I am a married man with four children all of them being girls. With my wife Rebecca and the four girls (Esther, Edith, Ellen and Whitney) we make a family of six.

As the head of the family, I had to look after my family in every way which includes school fees, house rent, food clothing, medication, etc. This was a burden since the job I was doing was not bringing in much. I started feeling hurt seeing my children not getting the basic needs of life which the neighbor children were getting.

God answers prayers in ways we cannot at times see. With all the problems I had, God brought me a person whom He has used to transform my life and my family. Through Brother Todd and the Hearts and Hands minis-

try of Trinity Covenant Church, today my wife and I are running our own small grocery. They have supported us with all the capital to start the grocery and with God's help we found a very strategic location. Business is booming and my children are happy because they can get what they used to see other children get.

My heart is at peace and I praise the Lord for His love towards me. My hope is restored and I know God will fulfill every plan He has for my life.

April 2009

“Because of the Hearts and Hands ministry, today my wife and I are running our own small grocery.”
