

JULIET BONITOR NANTONGO

My name is Juliet Bonitor Nantongo. I dropped out of school after completing my secondary level. I never went back to school due to lack of school fees. I have been home for four years now without any schooling. During those four years I experienced a sorrowful life as I seemed useless to my family because I was not even a working class person. Sincerely, I lived a miserable life.

But when I accepted Jesus Christ as my Savior in 2006, I joined the Jesus Power Church where I found a sympathizing, caring, and kind Pastor Frank. He used to pray for me.

Sometime back he invited some visitors from America to come and bless us. God used one of them, called Brother Todd Klipp, to help change my life. With his help I returned to school. I thank God for his life. May God bless him so much!

Since I started school my life has really changed. I enjoy and now understand what I am studying and hope to get a good job when I go out. I met new and cooperative friends at school. I am really happy with my life because I am focused on my future. May the glory and honor go to God.

After school I go to the new Jesus Power Church Internet Café where I work. I have gained so many valuable computer skills there.

Brother Todd: I thank you so much for the blessing you gave me. You really updated my future and may the Almighty God bless you.

Pastor Frank: Thank you so much for this opportunity. May the Almighty Lord bless you so much.
