

PHIONA NANTEMBE

My name is Phiona Nantembe and I am 26 years old. I am a minister in Jesus Power Church, where I sing in the worship team. I love my ministry a lot for I love worshiping God with all my heart! In addition, JPC has an office and I am the secretary there.

I really thank the Almighty God who has given me the opportunity to testify and give thanks. I am a person who had spent a long time at home without any hope, because I had lost my dad in December 2003. He died in a car crash on his way home. If this wasn't enough, I lost my beloved big sister who raised me and was supporting me in school. There were nine children in my family but only three of us are still alive. Right now I am living with my mother.

But I came to realize that God doesn't forsake his children forever, when I got a miracle of going back to school. This was something I had thought would never happen to my life because I had completely lost hope.

I thank the Lord so much for Pastor Frank Mukiliza. God took him to America and connected him to great friends and at the same time great ministers of the Most High God who are full of love and compassion.

When these friends came to visit us in Uganda for the third time, Brother Todd met with me and decided to send me back to school. I am now in school doing a very good course given by the International Air Transport Association. I am learning about the air travel industry and helping people make travel arrangements. I like it a lot, and I believe after completing this course my future will be bright. When I become a travel arranger after completing my studies, my job will be making reservations, bookings, and issuing tickets for clients who intend to travel by air.

I once again thank the Lord so much for Brother Todd's life as well as his family. Brother Todd is really a blessing to my life; he is a man of a rare heart. May God bless him so much as well as the entire church family at Trinity Covenant Church. Thank you for standing with Pastor Frank and supporting the ministry of Jesus Power Church. We love you so much and we hope to see you, God willing.

January 2009
